servicing our principals and customers

Wire & Cable / Assemblies

Prysmian Group NA – BIW
na.prysmiangroup.com
Fiber optic cables for marine, oil & gas, defense, transportation, commercial, utility and industrial markets.

Marmon Aerospace & Defense
www.marmon-ad.com
Marmon Aerospace & Defense proudly support the defense industry for land, sea, air and space applications. Offering a full range of connectivity products and services, including wire and cable, coil cords, cable assemblies, tools, testing and training. Your one stop shop for harsh environment connectivity solutions.

Connectivity

ITT Cannon – ITT Cannon
www.ittcannon.com
I/O Connectors: Mil Spec & Commercial Approvals, Rack & Panel, Circular, Micro D, Filter, D-Sub, HermeticRF & Fiber Connectors Board (PCB) Connectors, Card Connectors.

Micro-Mode

Micro-Mode Products
www.micromode.com
For over 40 years Micro-Mode Products has provided the military, aerospace and commercial industries with an extensive portfolio of standard or custom RF and Hermetic solutions including adapters, blindmate, threaded, and cable assemblies. Our US manufacturing facility offers complete in-house manufacturing capabilities including engineering and design services, a plating lab, and glass to metal sealing operations.

ITT Cannon – ITT Cannon
www.ittcannon.com
I/O Connectors: Mil Spec & Commercial Approvals, Rack & Panel, Circular, Micro D, Filter, D-Sub, HermeticRF & Fiber Connectors Board (PCB) Connectors, Card Connectors.

Connectivity

Adam Tech
www.adam-tech.com
Adam Tech is a leading manufacturer of a broad range of connectors and cable assemblies for industries including Industrial, Medical, Security, Consumer and Automotive. Our manufacturing processes provide consistent high quality with low cost and short lead times.

Flexible Circuits, Inc. (FCI)
www.flexiblecircuits.com
Flexible Circuits, Inc. (FCI) is a Veteran Owned Small Business that has been in business since 1963 serving the Mil-Aero flexible interconnect industry. FCI designs, engineers, manufactures and does the mixed technology (SMT and Through-hole) assembly of flexible circuitry Types I, II, III, IV, Adhesiveless, HDI, and High-Temp Material applications.

Electro-Mechanical Solutions

Ultra Maritime
www.ultra.group.com
Ultra Maritime, manufactures a broad range of component products, including EMI/RFI filters, capacitors, and custom magnetics. This elite collection of components enjoy recognition by the engineering communities in the defense, industrial, medical, and aerospace fields. Ultra Maritime is a world class, AS9100 rev D/ISO 9001:2015 certified manufacturer of defense electronics systems.

JADAK Technologies – Jadak
www.jadaktech.com
Barcode Components, Barcode Scanners, Machine Vision, RFID, Portable Platforms, Magnetic Stripe Readers.

NKK Switches
www.nkkswitches.com
NKK Switches (NKK) is a world leading designer and manufacturer of innovative electromechanical switches.

Electro-Mechanical Solutions

RAFI
www.rafi-group.com
Rafi develops and produces electro mechanical components, keyboards, electronic components, and systems for human to human communications. Markets include medical, Automotive, Railway, household appliances and telecommunications.

Xymox
www.xymox.com
Xymox Technologies Inc., a RAFI Group Company, is a leading manufacturer specializing in the advancement of Human-Machine Interface (HMI) systems, with over 40 years of industry expertise. Our specialized custom interface solutions, coupled with an extensive array of components, empower us to elevate HMI systems, ensuring unparalleled user experiences and safety.

Heat Shrink / Tubing & Boots

Sumitomo Electric – Sumitomo
www.seipusa.com
Leaders in heat shrink technology. Sumitube® Shrink Tubing, STS Solder Devices & Crimp Kits, SumiMark® Marking Systems, Poreflon Products, SumiMark® SM-CM.

HellermannTyton – Hellermann Tyton
www.hellermann.tyton.com
HellermannTyton is a leading, global manufacturer of cable management, identification, and network connectivity products that improve electrical and communications systems. HellermannTyton solutions improve performance, safety and installed costs for the OEM, commercial and industrial markets.

Tenneco – Bentley-Harris Systems Protection Group
www.tennecosp.com
Protection Sleeving Products. A full selection for nearly any protection need. Technology and production capacity to meet your most challenging requirement. Serving industry throughout the world.
