**Re: New Product Announcement:
KP02 Single Color LED Illuminated Pushbuttons**

NKK is pleased to announce an addition to the KP Series with the KP02 single color, super bright LED illuminated pushbuttons in white, yellow or blue. The KP02 addition features smooth, silent, nontactile actuation with a shorter stroke of .138" (3.5mm) and a compact profile with only .906" (23.0mm) height above the PC board. Two square cap sizes are offered with options in flat, sculptured or home key variations. Two-pin termination lends to a simplified footprint, while twin contacts with gold plating assure impressive reliability and endurance exceeding 5,000,000 operations. The KP02 single color LED pushbuttons are an ideal solution for a variety of control panel applications. Custom legend services are available for the cap or film insert.

See below for part numbers, descriptions and specifications.

LED	Part Numbers	Switch Description	Caps, Sizes & Types
Super Bright White	KP0215ANBKG036B-2FJB KP0215ANBKG036B-2SJB KP0215ANBKG036B-2TJB KP0215ANBKG036B-3FJB KP0215ANBKG036B-3SJB KP0215ANBKG036B-3TJB	Pole & Circuit: SPST OFF (ON) Gold Contacts & Straight PC Terminals 100mA @ 12V DC	Clear Lens & White Diffuser 15mm or 17.4mm Square Cap • Flat • Sculptured • Home Key
Super Bright Yellow	KP0215ANBKG036E-2FJB KP0215ANBKG036E-2SJB KP0215ANBKG036E-2TJB KP0215ANBKG036E-3FJB KP0215ANBKG036E-3SJB KP0215ANBKG036E-3TJB	Pole & Circuit: SPST OFF (ON) Gold Contacts & Straight PC Terminals 100mA @ 12V DC	Clear Lens & White Diffuser 15mm or 17.4mm Square Cap • Flat • Sculptured • Home Key
